

## Southern Interior Bluebird Trail Society 2010 Nesting Report Form

Total # of Nestboxes Available: \_\_\_\_\_

Total # of Nestboxes Used: \_\_\_\_\_

Cavity Nesting Species	# of Boxes Used	# of Eggs Laid	# of Eggs Hatched	# of Chicks Fledged	# of 2 <sup>nd</sup> Nestings in the same box
Western Bluebird	_____	_____	_____	_____	_____
Mountain Bluebird	_____	_____	_____	_____	_____
Tree Swallow	_____	_____	_____	_____	_____
Violet-Green Swallow	_____	_____	_____	_____	_____
House Wren	_____	_____	_____	_____	_____
Black-Capped Chickadee	_____	_____	_____	_____	_____
Mountain Chickadee	_____	_____	_____	_____	_____
White-Breasted Nuthatch	_____	_____	_____	_____	_____
Red-Breasted Nuthatch	_____	_____	_____	_____	_____
Pygmy Nuthatch	_____	_____	_____	_____	_____
Other (please specify)	_____	_____	_____	_____	_____

**NAME:** \_\_\_\_\_

**AREA:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Phone:** \_\_\_\_\_

\_\_\_\_\_

**P/Code:** \_\_\_\_\_

**EMAIL:** \_\_\_\_\_

Please include a map of your trail(s) on the reverse side or attach a separate page.  
 Add comments of interest to the membership at large to be included in the Spring newsletter, *The Nestbox*.  
 Some examples and clarification for data entry are on the reverse side.  
 These may seem simple, but many forms are incomplete.  
 If you have any questions about filling in the form, please contact Sherry Linn 250-495-7891 or [goldstrm@vip.net](mailto:goldstrm@vip.net)

**Complete by October 31, 2010 and mail to: SIBTS, P.O. Box 494, Oliver, BC V0H 1T0  
 or bring to the AGM or send via email to Sherry Linn [goldstrm@vip.net](mailto:goldstrm@vip.net)**

**Map of your trail. Please include closest highway or main road near your trail location if possible.**

1. The "Total # of Nestboxes Available" should not be less than the "Total # of Nestboxes Used".
2. The "# of Boxes Used" by the individual "Cavity Nesting Species" may not be equal to the "Total # of Nestboxes Used" at the top of the form. (i.e. I have 3 nestboxes, all are used by bluebirds on the first nesting, a pair of swallows then nests after one of the bluebirds; my "Total # of Nestboxes Used" is 3 but if I add the "# of Boxes Used" by the individual "Cavity Nesting Species" it will total 4)
3. The "# of Boxes Used" by the individual "Cavity Nesting Species" should not include in the number of boxes that had a second nestings. (i.e. a nestbox is used by Western Bluebirds, they lay 5 eggs, all hatch & all fledge; there is a second nesting of Western Bluebirds in that same box ; they lay 4 eggs, all hatch & fledge; you enter 1 box used, 9 eggs, 9 hatched, 9 fledged, 1 second nesting.) Remember that second nestings in a box by the same species may not be the same pair.
4. Check that your form is complete. Many times the "Total # of Nestboxes Available" is left blank. When compiling the data your previous year's form is not used so the # of boxes is unknown. You may also have lost a nestbox to predators over the winter or revamped your trail and this of course alters your numbers.
